UNDAUNTED LAND STEWARD CERTIFICATION recognizes farms and ranches that sustain the long-term productivity and health of Montana's grazing lands. Healthy grazing lands provide a wealth of products and values, from scenic beauty and recreational opportunities, to bountiful wildlife and clean water. Healthy grazing lands also benefit a large segment of Montana's economy—the range livestock industry. For these reasons, healthy grazing lands are vitally important to the economic and environmental health of Montana.

UNDAUNTED LAND STEWARD CERTIFICATION demonstrates that Montana's farm and ranch families are preserving Montana's open space and scenic beauty while producing food and fiber using agricultural practices that are environmentally sustainable.

UNDAUNTED LAND STEWARD CERTIFICATION is a component of Undaunted Stewardship®

Undaunted Stewardship® is a statewide partnership between Montana's agricultural and conservation organizations. Led by Montana State University, the Montana Stockgrowers Association, and the Bureau of Land Management, this public/private partnership works to preserve Montana's history, environment, and rural communities by encouraging sustainable stewardship of private agricultural lands.

Sixteen other organizations complete the public/private partnership:

American Rivers

Missouri River Stewards

Montana Association of Conservation Districts

Montana Association of State Grazing Districts

Montana CattleWomen

Montana Farm Bureau Federation

Montana Farmer's Union

Montana Governor's Office

Montana Grain Growers Association

Montana Land Reliance

Montana Lewis & Clark Bicentennial Commission

Montana Public Lands Council

Montana Wilderness Association

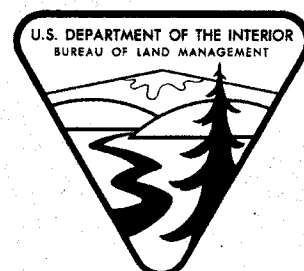

Montana Wool Growers Association

The Conservation Fund
